Dear 

STAT

Thanks very much for your letter of 18 June on the spring meeting of the Military Economics Advisory Panel.

I was much interested in your thoughts about doing some work on the impact of our SDI program on the Soviet economy, particularly in relationship with the pressures on their economy. I am pleased with the assignments and the suggestions you made on technological questions, a retrospective analysis of the slowdown in military spending and the monitoring of the 5 year plan and its impact on our resource allocation. I've passed your ideas along and will be interested in what is developed.

Yours,

signed

William J. Casey
